PHYSICIAN REQUEST FOR STUDENT MEDICATION SELF-ADMINISTRATION

Village Christian School policy permits a responsible, trained student to carry and self-administer medication for asthma, severe allergic (anaphylactic) reaction or diabetes for immediate use in a life-threatening situation with written order of physician, parent request, school nurse and principal approvals.

Name of Student _____ Date ___ / ___ / ___

Birth Date ___ / ___ / ___ Grade _____ Parent's phone # _____

Condition for which medication is administered _____

Name of medication, dose and route _____

Time or indication for administration _____

Side effects to be noted/reported _____

Other comments/recommendations _____

IN MY OPINION, THIS STUDENT SHOWS CAPABILITY TO CARRY AND SELF-ADMINISTER THE ABOVE MEDICATION.

PARENT/GUARDIAN AUTHORIZATION

I request that my child, named above, be permitted to carry and self-administer the above ordered medication. I take responsibility for this permission. I understand that the medication must be in the original pharmacy container, labeled with name of student, prescribing doctor name and medication; date of original prescription; strength and dose of medication; and directions for use. I may choose provide the school with an additional supply of medication to be kept in the Health Office for use in the event of an emergency should my child forget or run out of medication. Medication in the Health Office must be picked up within one week after the end of the school year or it will be destroyed upon expiration.

We accept the parent request and physician statement. We will permit and assist the student to be responsible, but reserve the right to withdraw the privilege if the student shows signs of irresponsible behavior or there is a safety risk. We will contact the parent as soon as possible in this event.
